O R D E R

This matter arising upon petition of US Sprint Communications Company Limited Partnership ("US Sprint") pursuant to 807 KAR 5:001, Section 7, filed July 31, 1989 for confidential protection of certain information filed with this Commission in response to an Order of the Commission, and it appearing to the Commission as follows:

On May 30, 1989, US Sprint filed with the Commission certain information in response to the Commission's Order of May 1, 1989. Simultaneously with the filing of the information, US Sprint petitioned the Commission to protect portions of the information from public disclosure. The petition for confidentiality was later supplemented on July 7, 1989; and, by Order of July 19, 1989, the Commission ordered that the information requested would be protected, held and retained as confidential, and not open to public inspection.

Since May 30, 1989, US Sprint discovered that its response to the Order was incomplete and on July 31, 1989 supplemented its response by filing additional information. At the same time, US

Sprint requested that the additional information be protected from public disclosure on the same grounds that the information filed earlier was granted such protection.

It further appearing for the reasons stated in the July 19, 1989 Order that disclosure of the additional information would give US Sprint's competitors an unfair business advantage and thereby cause competitive injury to US Sprint and that it adversely affect competition generally. Therefore, the information should be protected from public disclosure as confidential material.

This Commission being otherwise sufficiently advised,

IT IS HEREBY ORDERED that:

1. US Sprint's Supplemental Response to Item 1A of the May 30, 1989 Order of the Commission shall be held and retained by this Commission as confidential and shall not be open for public inspection.

2. US Sprint shall, immediately upon receipt of this Order, file an edited copy of its response, with the confidential material obscured for inclusion in the public record, with copies to all parties of record.

Done at Frankfort, Kentucky, this 18th day of August, 1989.
